

PRIVACY NOTICE

Facts

WHAT DOES HEALTH CARE IDAHO CREDIT UNION DO WITH YOUR PERSONAL INFORMATION?

Financial institutions may choose how your personal information is shared. Federal law provides consumers the right to limit some information sharing. In addition, Federal Law requires financial institutions to inform consumers how personal information is collected, shared and protected.

Health Care Idaho Credit Union respects the privacy of our members and understands the importance of maintaining the confidentiality of your personal information. This notice will inform you when your personal information will and will not be shared and what information will be shared.

Information Type

The personal information collected and shared is dependent on the accounts and services provided to you by the credit union. This information includes:

- Name, address, Social Security number and income
- Account balances and transaction history
- Payment history and credit scores

This information will only be shared as permitted or required by law.

How is your information collected?

Your personal information is collected under the following circumstances:

- Open an account or apply for a loan
- Apply for any credit union service
- When you provide information on our website through transactions or applications or information you send us through email.
- When you use your debit or credit card or pay your bills
- making deposits or a withdraw from your account

Your personal information is also obtained through credit bureaus or other companies used during the normal course of business.

How is your information used?

Your personal information can be but is not limited to use in the following manner:

- Establishing credit worthiness
- Sharing with affiliates for marketing purposes
- Credit union marketing purposes
- Use in the normal course of business
- Providing necessary daily service

Health Care Idaho Credit Union does not provide your personal information with any entity with which it does not directly contract or affiliate.
