BEWARE OF CARD SKIMMERS!

Skimmers are a card reader that
grabs the private information off
the cards magnetic stripe. They are
attached to payment terminals such
as gas pumps and atm's.

Ways to check for tampering are:
Look for different colors, material
or graphics on the machine. If the
terminal has arrows pointing to
where the card needs to be read,
make sure the ar-
rows are properly
spaced away from
the terminal and can
be clearly seen. If at
a gas pump, take a
look at the pumps
around you and

compare. If you notice any differ-
ences do not use the terminal and
notify someone immediately!

It is always a good practice to
check your account balances and
transactions daily to help prevent
fraud. Catching fraud early can
stop and prevent it from happening
again. For debit cards and ac-
counts, you can view your transac-
tions and balances on
Home CU at
www.jeffcocu.com. Jeff-
Co credit card balances
and transactions can be
viewed at
www.excardinfo.com.

mation.
